Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

The Lord is my shepherd; I shall not want.
He maketh me to lie down in green pastures: He leadeth me beside the still waters.
He restoreth my soul: He leadeth me in the paths of righteousness for His name's sake.

Yes, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.
Thou preparest a table before me in the presence of mine enemies: thou anointest my head with oil; my cup runneth over.
Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord for ever.
—Psalm 23.

Minutes of Regular Meeting of Municipal District of Wainwright No. 61

The Council of the Municipal District of Wainwright No. 61 met in the Council room of the Municipal District on Thursday the 10th day of April, 1958, at 9 o'clock in the forenoon.

Councillors: Dallyn, Castle, Garrioch, Patterson, Plaxton, Smallwood, and Archibald, present.
Reeve Archibald in the chair.
Minutes of April 3rd meeting not read, to be approved at May 8th meeting.

Finance.
Dallyn—That the statement of Receipts and Disbursements month ending 31st March, 1958, be accepted and incorporated in the minutes.

Bank Balances 31st March, 1958:
Savings Trust Fd. \$ 3500.00
(Montreal)
Tax Sale Trust Acct. \$755.07
(Montreal)
Bldg. Fd. (Montreal) 127600.00

Charter, be and are empowered to sign all cheques, together with necessary banking forms as are required to be completed by the Bank of Montreal, Irma Sub Branch. Cd.

Mr. Archibald moved to adjourn.
Matter of the Farm Purchase

Credit Act tabled.

Municipal Property:

Bylaw 577 concerning the leasing of certain lands pursuant to Section 269 of the Municipal Districts Act being Chapter 215 RSA 1955 as amended presented.

Bylaw 577 passed its 1st, 2nd and 3rd reading and carried.
Relief Grants and Health:
Garrioch—That the report of the Secretary reference to Yonkers and Shirley Stevens, Juvenile Delinquents, heard before Judge A. Bisset, Edmonton, 8 April, 1958, that these children are the responsibility of the Municipal District be accepted. Cd.

Plaxton—That reference to admittance notices from Hospitals other than the Wainwright Municipal Hospital under the provisions of the Hospitalization Benefits Act, that the Secretary be given the power to deal with these admittances with the help of the Councillor concerned. Cd.

Public Works:
Smallwood—That the rate of pay for all Motor Grader Operators employed as at this date be \$15.00 per hour effective 1st April 1958. Cd.

Dallyn—That the Farm Electric Services Limited be advised as to Chavrin REA extensions requesting that power poles be placed at least 51 feet from the center line of the road allowance as shown on preliminary plan. Cd.

Smallwood—That a 2 ft. extension mould board be ordered for the 609 B Adams Motor Grader. Cd.

Smallwood—That the pay sheets be passed and paid when signed by the Councillor concerned.
Dallyn—That this meeting adjourn. Cd.

Northern Nuggets

It is with pleasure that we extend congratulations and best wishes to a grand old couple of the Orbinalda district, Mr. and Mrs. W. Prior, who celebrated their 57th wedding anniversary on Wednesday, April 30th.

We are also pleased to congratulate Miss Colleen Archibald who is a member of the 1958 graduating class of the Misericordia Hospital.

Mrs. P. Kellar left for Victoria last weekend to attend the funeral of her father, Mr. Pick, who passed away in his 91st year.

We are glad to hear our old friend and neighbor, Mrs. Erling Larson, is home from hospital and feeling much better.
Mr. and Mrs. J. Cisdell, Fred and Jack, were Chavrin visitors last Sunday.

Winners of the last and final card party for this season held on Wednesday, April 23, were 1st, Mrs. G. Coulman and Mrs. E. Prior, Mr. A. Larson and Mr. P. Miller. Consolations, Mrs. P. Miller and Mrs. B. Prior and Mr. E. Prior and Mr. F. Kuwica.

Frank Shaban's road building equipment is very busy in our midst repairing the roads. It is most fascinating to watch these modern machines at work.

Mr. Alex Wallace and Mr. and Mrs. Ron Clark and girls were weekend visitors at the Currie farm.

Born to Mr. and Mrs. Gordon Peterson of Calgary, the former Annamie Kellar on April 19, a son Richard Allen, 7 lbs., 8 oz., a brother for Doug and Shirley.

Mrs. Claude Ramsay is in Edmonton this week to visit Claude in hospital. Her mother, Mrs. E. B. Allen of Mannville is looking after the children during her absence.

NOTICE

To those who wish to take lessons in copper tooling — lessons will begin May 8 from 7:30 to 9:30 at Mrs. Hura's.

Those who are flower making are held every Wednesday at 3 p.m. You may start these at any time.

It may frighten you at first, but it's worth trying; praise your wife.

Large Modern Theatre For Irma and District

Mr. August Brokop from south of Mannville has purchased a big plot of land on Church St. from Mr. Wm. Mission. This has been leveled off with a bulldozer and work is beginning for a large, modern movie theatre. This building is to be 44 feet wide and 130 feet long.
The vacant house which was at the back of this property has been moved up to the street and Mr. Brokop's family is expected to move in this week.

WITH THE District Agriculturist

By J. S. Duncan

Soil Erosion

This is becoming a worse problem every year, many fields in the district have gullies washed in them or higher land blown bare by the wind. Such areas do not produce good crops and the gullies are difficult and dangerous to work around. Wind erosion can be controlled on an emergency basis by spreading straw or manure and working it into the soil surface. A more permanent remedy is to seed forage crop for hay and pasture.

This will add fibre to the soil and improve its condition. Gullies should be worked in, smoothed and seeded to grass. This provides a runway which should not wash out and which is easy to cross with machinery.

There is an assistance policy of the Department of Agriculture which helps to pay for forage seed for seeding down water courses. See me for full particulars.

Care of Lawns.
The lawn is the background and base for any home grounds and should be given a little special care to keep it looking its best. A few suggestions on lawn care follow.

Don't mow the lawn often than is necessary. Never cut the lawn lower than 1 1/2 to 2 inches. Don't mow the lawn too early in the spring or after the middle of September. Leave the clippings on the lawn unless there is a lot of clippings. A good application of well rotted manure in the fall and an application of nitrogen fertilizer in the spring will help greatly. If you intend to water the lawn remember that a good soaking every ten days to a depth of six or eight inches is much better than wetting the surface every couple of days.

Treated Seed
Seed treatment is strongly advised for all grain but most of our seed treatment is strongly advised for all grain but most of our seed treatments are poisonous to livestock. For this reason treated seed and particularly any left over must be taken care of. Also it is illegal to try to sell treated seed to an elevator. It is best put in sacks, marked plainly and stored in a safe place.

Glen-Coat Cleanings
Mr. John Gulbraa was a patient last week at Hardisty hospital, while Mrs. J. Larson was ill at her home. We wish both of these neighbors a good recovery soon.

Mrs. M. Fuder and her son Clifford are giving a helping hand to Mr. L. Sattre at present. Mr. Harry Halvorsen is visiting at the J. Halvorsen home.

Mr. and Mrs. Lillard Shaw accompanied Mr. Gordon Hollinger home for a visit with their folks last weekend. Miss Marion Johnson and her brother Melvin were also along as Gordon's guests to his home.

The Rev. and Mrs. L. R. Likness and little Mark paid a visit on Monday to the former's parental home.

In 1957 Canadian employers contributed \$533 million to pensions and welfare, workmen's compensation and unemployment insurance, compared to \$156 million in 1945.

Church Parade For Alliance Boys' Club

This Sunday at 8 p.m., will be the church parade for the Alliance Boys' Club. The boys will be dressed in uniform with the stripes and crowns they have earned during the weekly meetings. A special feature of the evening will be a full-length, technical, sound film, and the public is very heartily invited to attend. The club was organized last January and the activities of each meeting, including a devotional period, woodwork and leathercraft, proved interesting and profitable.

Last Wednesday evening the boys held their last get-together for the season. This took the form of a ball game and wicker roost which was much enjoyed by all. The pastor wishes at this time to extend his warm appreciation to all those who co-operated to make this year's club a success. Special thanks is extended to the parents of the boys who attended, and also to the faithful workers — Mr. A. Murray, Mr. W. Sanders and Mr. J. McKay.

The church is looking forward to an even better program next year when the Alliance Boys' Club will become a world-wide movement and have the expert advice and counsel of the National Youth Office of the Christian and Missionary Alliance. The local club will resume in the fall and dates will be announced prior to its opening meeting.

NOTICE

H. G. Owen wishes to thank his many customers for their trucking business in the past. I will not be able to do trucking again until after harvest and will appreciate your business again then.
—H. G. Owen, Irma.

Royal Commission urges railway, new roads for Alberta Northland

New roads and a railway from McMurray north to Great Slave Lake were recommended to Albertans in a 115-page report by the MacGregor Royal Commission on the province's sparsely-settled northland.

The Commission's report calls for the subsidizing by the province through granting "the right-of-way and sharing the \$7,000,000 cost of combined highway-railway bridges over the Peace and Athabasca rivers.

The commission recommends rebuilding of the Mackenzie Highway to better standards and suggests hard surfacing of the portion between Grimshaw and Manning.

The voluminous report says the development of a railway from McMurray to Pine Point, N.W.T. is essential from a defence standpoint. It adds that the volume of freight which can be expected from the Uranium City mining area in northwestern Saskatchewan would tip the scales in favor of the McMurray route—one of 10 considered.

The report says: "The committee's most important conclusions are that northern Canada is generally on the threshold of tremendous development and that the province of Alberta must be prepared to play its full part in that development."

The lengthy commission report covers the area north of the 53rd parallel, about 100 miles north of

Edmonton. The area is about 370 miles wide and runs 350 miles to the Northwest Territories boundary—in all, about 320,000 square miles.

Its population in 1954 was 74,000, but growth is rapid and the figure is expected to reach 270,000 by 1987.—The Lac Ste. Anne Chronicle, Edmonton, Alta.

Quick thinking averts tragedy

A near tragedy was averted on Easter Sunday afternoon because of the quick thinking and action of David Paradis when he saved a child, Eric Egeland, from drowning in Blackie. David was walking up town when he heard a scream and noticed the child lying face down in a ditch of water near the old manse. He immediately picked Eric out of the ditch and let the water drain from his mouth and lungs. The child was completely wet and blue. David laid him on the sidewalk and when he saw Eric was breathing again, took him to the Egeland home nearby. The doctor in High River was contacted and his orders of warm blankets and rest were administered. Eric woke from a sleep three hours later, very hungry, but none the worse for his brush with death.

Eric is the two-year-old son of Mr. and Mrs. Egeland and he had been playing with his brother near his home just 10 minutes before David brought him home.

David is 18 years of age and attends the Blackie High School. He has had many years of Boy Scout training and his leaders have always stressed what a capable Scout he was. He is at present taking training in the St. John's Ambulance course sponsored by the Blackie Home and School Association and his parents attribute his quick action to the Scout and latter training. David was unavailable for comment as immediately after the incident he left with some friends for Medicine Hat where he is currying a high school bonspiel.—The Times, High River, Alta.

COW ATTACKS SMALL CHILD

Mary Anne Trueby, eight-year-old daughter of Mr. and Mrs. Oscar Trueby, St. Gregor, had gone with her father and two younger sisters to search for a missing cow and found it had given birth to a calf.

Mr. Trueby was behind the cow and its calf while the three girls were following some 50 yards back. Suddenly, said Mr. Trueby, the cow, which is normally quite gentle, turned and charged the children. Her target was Mary Anne and, in Mr. Trueby's words, "The child flew like a rubber ball."

The mad cow soon had Mary Anne between its front legs and was pounding the child to the ground with its head. The little girl had been carrying a board and this she managed to throw towards her father. Mr. Trueby picked up the board and struck the cow over the back and drove it off. The cow stood off at a little distance undecided whether to go for the calf or the children again. Finally it moved off to its calf.

Except for slight bruises to her head, a cut lip and a very bad scare, Mary Anne was none the worse for the experience and she walked home with her father and sisters. "Fortunately," added Mrs. Trueby, "the cow had no horns."

Bylaw enforcement demanded

The Local Council of Women has served notice that it intends to take whatever steps are necessary to see that Swift Current's present untidiness in respect to streets, lanes and public places undergoes an improvement. As the situation stands at present, it was pointed out at a meeting of the organization held in the council chamber, they are disgraceful.

Mrs. E. G. Stonehouse, chairman of the L.C.W.'s laws committee, gave a detailed report on an investigation carried out by members of her committee in which she branded as a disgrace the untidy condition of the city, generally. Streets and lanes—particularly in the downtown area—are littered with wastepaper and other trash, she said, and public places including theatres—are a little better.

She quoted a city bylaw, passed in 1954, which makes the littering of streets, lanes and public places an offence and provides a penalty of up to \$100, on conviction, or an alternative jail term. The law is there, Mrs. Stonehouse said, but it isn't being enforced. She suggested that the authorities be asked to see that it was and was instructed to appear before council at its next regular meeting to make the request official. —The Sun, Swift Current, Sask.

City buys street sweeper

The City of Estevan has purchased a new street sweeper. During this week representatives of the company supplying the sweeper have been in Estevan instructing the Estevan public works department staff on the operation and maintenance of the sweeper. It will go into operation Thursday night, April 17, for the first time.

"We feel the sweeper is the first item on a long line of plans we have in mind to make our city cleaner," said Alderman Paul Gruenden, chairman of the public works committee, who has worked very hard towards the acquisition of the machine, "and with the co-operation of the citizens of our city it will do a much needed job."

The Mercury, Estevan, Sask., April 17, 1958.

CHIMP IS CHAMP

Scientists say that of all the creatures in the animal kingdom, the chimpanzee is the champion in intelligence. The lowest of intelligence are the horse and the dog.

This outfit is a study in blues, rich and vibrant, because both the skirt and the sweater are of 100% wool and wool fibres love dye. Note the unusual cable-like stitch of the raglan shoulder seams, the middy style fit and the short ribbed neckline of the sweater. The widely "wrapped" skirt is of a blanket plaid in blue that shades from powder to royal with a royal binding.

Two-mile long freights soon?

One of these days, the many thousands of Canadians who "like to watch the trains go by" are going to observe a significant milestone in Canadian transportation—the advent of the two-mile long freight train.

Not long ago, the power of the steam engine limited the length of CNR trains to between 100 and 110 cars. At around 40 to 50 feet for each car, the total length of the train was just over the 5,290 feet that is a mile.

Now, however, the power of modern CNR diesel units is such that trains of 125 to 165 cars are quite frequently seen in the West. Longer freight cars are being increasingly used and, with the power of locomotives on the increase, too, it seems likely that freights will reach the two-mile mark in the not-too-distant future.

Visit to Canada of Dollar Exports Council delegation

The Dollar Sterling Trade Council announced the forthcoming visit to Canada of a top level 11-man delegation from Britain, which will be representative of all the major industrial, trading and financial interests in the United Kingdom. The British Team, under the leadership of Sir William Rootes, Chairman of the Dollar Exports Council, is visiting Canada from coast to coast and follows the successful visit to Britain at the end of last year by the Canadian Trade Mission led by the Honourable Gordon Churchill, Minister of International Trade.

The Delegation will be promoting further measures for the development of a greater volume of two-way trade between Canada and the United Kingdom. They will hold discussions with the Federal and Provincial Governments, the United Kingdom High Commissioners and Trade Commissioners, the Dollar Sterling Trade Council and its newly established regional committees of leading Canadian industrialists.

The Delegation will leave London Airport for Canada by B.O.A.C. "Britannia" at 10:00 a.m. on 24th April and will visit Ottawa, Montreal, Halifax, Quebec City, Toronto, Winnipeg, Regina, Edmonton, Calgary, Vancouver and Victoria.

The members of the Delegation will be:

Sir William Rootes, Chairman of the Council-Lesder.

Sir Charles Hambro, Chairman of the D.E.C. Financial Advisory Panel.

Sir Edward Herbert, Chairman of the D.E.C. North American Committee.

Sir Norman Kipping, Member of the Council and Director-General of the Federation of British Industries.

Lord Polwarth, Member of the Council and Chairman of the Scot-

tish Council-Development and Industry.

Lord Riverdale, Member of the Council and President of the Association of British Chambers of Commerce.

Sir Vincent Tewson, Member of the Council and General Secretary of the Trade Union Congress.

Mr. Henry Tarks, Member of the Council.

Mr. J. V. Morrison, Representative of the Northern Ireland Development Council.

Mr. E. D. O'Brien, Honorary Public Relations Advisor.

Mr. P. S. Young, Chief Executive of the Council.

In Canada, the Delegation will be joined on its tour by Mr. James S. Duncan, Chairman of the Dollar Sterling Trade Council; Mr. Gordon Bowen, the United Kingdom Senior Trade Commissioner in Canada; and Mr. John L. Bonus, General Manager of The Canadian Association of British Manufacturers and Agencies; Mr. W. Luke Lawson, Executive Secretary of the Dollar Sterling Trade Council; and Mr. Peter Stursberg, Canadian Government Liaison Officer.

While the main arrangements for the tour in Canada have been made by the Dollar Sterling Trade Council, it was emphasized by the Dollar Sterling Trade Council that in discussing imports, attention would be essentially devoted to those products which Canada presently imports from outside sources and which she requires for her development and not to merchandise now being manufactured or produced here.

ACCOUNTS FOR ONE-THIRD

Wheat normally accounts for one-third of Canadian railway freight traffic, and by federal law all grain hauled off the prairies for export must be carried at freight rates that applied in 1959.

New reservoir being filled

Vegreville's new 100,000,000 gallon water reservoir, constructed last year south of town is being filled with the spring run-off water from the Vermilion River at the rate of 4,000 gallons per minute it was learned. At the time of writing, about 20,000,000 gallons had been pumped into the reservoir and it is expected that 70,000,000 gallons will be pumped in this year. The basin is about 1,300 ft. long, 550 ft. wide and 20 ft. deep. It will not be filled to capacity this year unless the surrounding top bank can be completely covered with the asphalt-fibre glass lining.

In addition to the basin for storing the water, which will hold enough to supply the town for three years in the event that no other water was available, an intricate water treating plant has also been constructed.

In the treating plant the water is to be filtered, chlorinated, aerated, and in general made fit for use. The Observer took advantage of the opportunity to visit the plant with Frank Montgomery, town engineer, and Mr. Montgomery was most co-operative in explaining the complete operation of water purification. We must confess here though that the series of filters, chlorination vats, sludge pits, pumps and the maze of electrical apparatus left us baffled. However, for the benefit of the many householders in town, the Observer did learn that the water will be quite soft for domestic uses but also quite flat for industrial purposes.

Cost of the reservoir, plant, land and piping, runs to \$287,000, and ensures the town of plenty of water regardless of the rate of consumption. At present 100,000 gallons a day are used.—The Observer, Vegreville, Alta.

FRENCH ORIGIN

The state of Maine in the U.S. is named from the ancient province of France of the same name.

The Weeklies Say

(The Record, Rimby, Alberta, April 9, 1938)

HISTORICAL EXPORT

History will be made this summer when the firm of B. B. Warrick and son of Fairview ships 16 head of polled or hornless pure-bred Hereford cattle to England. It will mark the first time that England, traditionally the home of top quality cattle breeding, has imported Hereford cattle from Canada.

—Barrie, Ont., Examiner.

RIOTUS COLOR

Now it is petunia time in and around Brighton. In most every garden there is a riot of color, with petunias in full bloom in every shade of pink, blue, and some striped. These small flowers make a wonderful showing, especially as a border.

—Trenton, Ont., Trentonian.

PATIENCE

Fishing is fascinating, and could be fun, too, if the darn fish would only co-operate. . . Bosses must co-operate, too, for fish often bite better during the week than on weekends.

—Stanstead, Que., Journal.

BETTER UNDERSTANDING

A joint meeting of the city and Indian Councils at Duncan . . . is a milestone in the development of more enlightened understanding of each other's problems.

—Duncan, B.C., Cowichan Leader.

BIG BITERS

They say things grow big in the north. And that statement is not limited to corn, potatoes and watermelons. It applies to the ubiquitous mosquito as well. They're big and they're ravenous.

—Peace River Bloc.

FEW LICENSED

Dogs love Longlac so much they have increased right along with the population during the last five years. . . The amount of revenue (for dog tags) so far derived does not cover the cost of the tags, license forms or work involved in issuing them.

—Geraldton, Ont., Times-Star.

You can't go ALL-OUT

These days most people work under pressure, worry more, sleep less. This strain on body and brain makes physical fitness easier to lose—harder to regain. Today's tense living, heavier resistance, overwork, worry—any of these may affect normal kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest, that "ired-out" heavy-headed feeling often follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulates the kidneys to normal action. Then you feel better—sleep better—work better. Ask for Dodd's Kidney Pills at any drug counter.

New curling rink well under way

Virden Curling Club's new rink is fast becoming a reality. Crews of volunteer workmen have been working early and late during the past week doing their best to get the building completed in as short a time as possible.

The building, located on the grounds of Virden Agricultural and Recreational Centre, will have an overall length of 177 feet and will be 43 feet wide. The ice surface area is 150 feet in length and wide enough to accommodate four standard curling sheets. The main structure is constructed of laminated wood rafters, 76 in all, covered with wooden sheathing and asphalt shingles.

An ultra-modern waiting room, built from concrete blocks will be located at the northeast end of the main structure. It will include a basement, a main floor and a second floor. The basement will house the heating system, lockers and rest-room facilities and will include space for future installation of an artificial ice plant. The main floor will include a general waiting-room, office, rest-rooms, kitchen and lunch counter, and spectator accommodation. The second floor will have a members' lounge, spectator space and rest rooms.

Overseeing the construction is Charlie Bryant of Minota. W. C. Tapp is in charge of directing volunteer workers, assigning them to specific jobs. Several members of the staff of Dring Laminated Structures of Boissevain are on hand to oversee the assembly and

erection of the wooden rafters.

In addition to Curling Club members who are helping with the construction, there are members of Virden Agricultural Society, Virden Collegiate and many other interested individuals making up the crews of volunteer workmen. Members of Virden Ladies' Curling Club are contributing to the effort by providing coffee and doughnuts for the currier-carpenters.

Actual work on the building began last fall when the concrete foundations for the rink and waiting rooms were poured. Last Wednesday the job of fabricating the wood rafters was begun. On Monday the rafters were set in place in a working time of less than five hours. By Tuesday evening the extra studding and rafters for the walls had been put into place the walls sheathed in and the roof half covered with wood sheathing. The builders expect that most of the outside construction will be finished by the end of this week.

—The Empire-Advance, Virden, Man., April 9, 1938.

Old landmark in Lacombe to disappear

One of Lacombe's oldest landmarks will disappear this year. Members of the Lacombe school divisional board called for tenders for the demolition of the old Nelson school—a building fixture in town for over 50 years.

The school, which during its later years of operation was crammed with classrooms in every nook and cranny, is replaced now with three separate schools—the 12-room high school, the 20-room elementary school and the yet-unfinished 12-room junior high school.

Tenders for the demolition work will be accepted by the school secretary-treasurer up to the end of this month.—The Globe, Lacombe, Alta., April 10, 1938.

—Virden Empire-Advance Staff photos

Village of Warfield shows surplus

In addition to paying off a 1936 operating deficit of \$8,928.25 the Village of Warfield showed a surplus of \$3,529.72 for last year, it was revealed when the year's financial statement was presented to the Village Commission. —The Miner, Rossland, B.C.

Sports Centre Committee sets up plans for all-out drive for funds

On April 7th a meeting was held and plans were laid for carrying out the drive. The Town is being divided into sections and call will be made at each house whether or not a donation has already been made. The reason for

this is that it is nearly impossible to make a drive of this nature on any other basis so if you have a specific job, several members of the staff of Dring Laminated Structures of Boissevain are on hand to oversee the assembly and

In connection with the drive there are a few matters we wish to draw to your attention. The canvassers are giving their time free so we would ask that if you are not going to be home on that date please decide between now and then what you are going to give and leave the cheque with your wife. This will save many call-backs.

The Sports Centre is something that is badly needed in Rosetown so give to the utmost of your ability because when the buildings are finished and in use there is hardly a person they will not benefit in some way. Some older people feel they will not use the Centre but it must be remembered that many of you have lived here have in the past used rinks that other people built and many of you also have children and grandchildren who will use it. To the wage earners we say that while it may be true you will be leaving Rosetown eventually you have in the past used rinks that other people built and no doubt will in the future use rinks that other people built as will your children. So give now in the Town in which you are making your living. We will be around to see you so let us all get behind the Sports Centre and get the job done this summer. It can easily be done with full co-operation.—The Eagle, Rosetown, Sask., April 10, 1938.

Quadruplets born

Quadruplets were born here on Friday of last week, and according to last reports, all four are doing well. They arrived at the farm of Jos. Ashley, without the benefit of medical aid, to one of Joe's nanny goats. Incidentally, the same animal has produced twins every year up to the present, when she doubled production. —The Recorder, Reston, Man.

Vimy Ridge anniversary commemorated

Yesterday was the 41st Anniversary of the Battle of Vimy Ridge and the occasion was remembered by World War One veterans as they gathered at Legion headquarters to mark the occasion and to be guests of the Revelstoke branch of the Canadian Legion.

The annual affair, launched some years ago by the Legion branch, brought together members of the thinning ranks of the veterans of almost half a century ago and they enjoyed to the full reliving old experiences, singing the old songs and the excellent turkey dinner, with all the courses prepared and served by the Women's Auxiliary.

Prior to the banquet veterans paraded in solemn procession to the Cenotaph where wreaths were deposited in memory of fallen comrades, Frank Romeo, past president, officiated. A feature was the sounding of the Last Post and Reveille by Art Townsend.

At the banquet, Ben Nelson was master of ceremonies, and once again demonstrated his ability to keep a program moving in rapid and interesting fashion. He welcomed the veterans in appropriate language and recalled memories of 41 years ago.

A brief silence in memory of three members who passed away during the year was observed.—The Review, Revelstoke, B.C., April 10, 1938.

Former Unity youth wins Canada council award

Mike Wiseman, of the Queens district, has learned that his son, James, (Morley) is one of the 44 Canadians to be awarded a grant from the Canada Council to further his studies. Morley is at present studying ballet in England at the Royal Ballet Academy in London. Last summer he was with the Rainbow Theatre Group in Winnipeg.

Mr. Wiseman does not know the amount of the award as he has not heard about it from his son yet. Awards range from \$300 to \$2,000.

Another recipient of an award, who is well-known in Unity and is married to the former Sylvia Stuart, is Boyd McDonald, pianist. Boyd and Sylvia are at present in Paris, France, where Boyd is studying composition.—The Herald, Unity, Sask.

So good

Here's bread with a tasty difference! Dependable Fleischmann's Active Dry Yeast makes it quick and easy!

Rolled-out Bread

- Measure into bowl
1 cup rolled oats
2 teaspoons salt
1½ tablespoons shortening
1½ cups boiling water
and let stand until lukewarm.
- In the meantime, measure into a large bowl
½ cup lukewarm water
2 teaspoons granulated sugar
and stir until sugar is dissolved. Sprinkle with contents of 2 envelopes Fleischmann's Active Dry Yeast
Let stand 10 minutes, THEN stir.
Stir in prepared rolled out mixture and.
- ¾ cup lightly-packed brown sugar
2 tablespoons molasses
2 cups case-tilled all-purpose flour
and beat until smooth and elastic. Work in an additional 2½ cups (about) unbleached all-purpose flour.
- Turn out on lightly-floured board and knead until smooth and elastic; place in greased bowl. Brush top of dough with melted shortening. Cover; rise in warm place, free from draft, until doubled in bulk—about 1 hour.
- Punch down dough. Turn out and divide in half. Let rest 15 minutes, then shape each half into a loaf. Place in greased loaf pans (8½ x 4½ inches, top inside measure). Brush with melted butter, margarine or shortening. Cover. Let rise until doubled in bulk—about 45 minutes. Bake in moderately hot oven, 375°, about 30 minutes. Yield, 2 loaves.

Needs no refrigeration

News Report From Edmonton

By Ken Mason

EDMONTON—Watch for the resignation of J. Harper Prowse from the leadership of the provincial Liberal party.

Mr. Prowse was to make it official with an announcement this week, according to word from unimpeachable sources close to the front office of the Alberta Liberal Association.

The next step will be a meeting of the provincial executive and its advisory committee to set a date for a leadership convention in late spring or early summer. The executive meeting probably will be held here in the capital shortly.

Several possible successors are being mentioned for the leadership post. A leading contender is Edmonton's Mayor William Hawrelak. High-ranking Liberals say he may be interested in the job in spite of the stinging personal defeat he experienced last June when he ran for the Liberals federally in Edmonton East.

Others include Grant MacEwan and Hugh John MacDonald, Calgary Liberal M.L.A.s. Mr. MacDonald said he was not running, but party officials believe they may be able to draft him if they want him.

Arnold Platt, president of the Farmers' Union of Alberta, is also said by some to be in the running, although he hasn't made a statement. Calgary's Mayor Don McKay also has been mentioned. The story that hasn't come out yet is why Harper Prowse is quitting the leadership. There's a strong belief in political circles that he's not resigning by choice but is being forced out by party members who want another leader.

Some high-ranking Liberals apparently feel Prowse has somehow failed to sell himself to the Alberta public. They think they stand a good chance of upsetting Social Credit in the next general election, which will probably be next year. But they also think they'll need a powerful new leader to swing it for them.

As for Mr. Prowse, it's been common knowledge for some time that he hasn't had much support from some factions in the party, and that hasn't made his job any easier. During the recent session of the Legislature, some observers saw signs that some of the Liberals didn't see eye to eye with their leader.

Considering the tough job he had to do and the lack of support, Mr. Prowse has to be given full marks for what he has accomplished. In the 1955 election, he led the Liberals to the biggest House representation they've had since the 1920's and presented Social Credit with its largest Opposition to date. And it shouldn't be forgotten that Prowse held the fort almost singlehandedly during some mighty lean years. Of course at that time the Liberals were all-powerful in Ottawa and quite satisfied with that. But things have changed now and some bigger guns are eyeing the provincial field where the party—with 15 members in the House—is far from dead.

Mr. Prowse was born at Taber, Alta., and first entered the Legislature in 1945 as an armed forces representative. He was serving in Italy with the Royal Edmonton Regiment when elected. Before the war, he was a reporter for a time on The Edmonton Bulletin. He's now a practicing lawyer in Edmonton.

Premier Manning has denied rumors that he's planning to resign from the Social Credit party leadership. The rumors cropped up persistently during the session of the Legislature and again last week.

The premier, busy working on the government brief to the Borden commission on energy resources, took time out to say, it just isn't so. He says he'll be leading the party in the next election.

Some people still insist he's been threatening to retire from politics. He has said in the past there are other things he'd sooner do—such as devote more time to his church work—but he feels he has a duty to the public.

Mentioned as successors to Manning if he ever does retire: Municipal Affairs Minister Alf Hooker, Highways Minister Gordon Taylor, Education Minister Anders Aalberg, Provincial Treasurer Ted Himman.

Kinsella News

The picture show on Thursday sponsored by the UGG with the local agent, Mr. Clayton Barker as host, was much enjoyed by an appreciative audience.

Mr. and Mrs. R. Ambler of White Rock, B.C., were visiting Mr. and Mrs. A. Loefer last week. Mrs. Loefer accompanied her brother and sister-in-law to Edmonton where they attended the graduation of Miss Wilma Ambler, as an R.N.

Quite an interest was shown in Kinsella on Saturday, when some members of the Fluterte colony brought an albino muskrat to town for people to see. Mr. and Mrs. Allan Barker spent a day or so in the city last week.

Recent visitors at the home of Mr. and Mrs. Joe Beschell were Mr. and Mrs. O. Smith and Junie of Edmonton and Miss Heather Armstrong of Calgary. Barbara Jo Penner of Edmonton is at present staying with her grandparents, Mr. and Mrs. O. Olsenberg.

Mr. J. W. Wilkinson was in the city during the weekend. Mr. R. Cormack and Mr. and Mrs. B. Cormack were visitors to Vermilion last week.

The local Elks Lodge is planning to hold the Children's Day on June 1st with Little League Baseball as a main attraction.

At the monthly meeting of the O.R.P. Dist. Deputy H.R.L. Scott of Irma, made her annual inspection of the lodge.

Mrs. A. Milne who has spent the last few weeks with her daughter and son-in-law, Mr. and Mrs. C. Burridge of Calgary, has returned home.

Miss Margaret Brown of Viking spent a few days at the home of Mr. and Mrs. Allan Barker last week.

Apologies to Bobby Wilkinson for the error in his age last week, Bobby is 12 not 10.

Jarrow News

The Jarrow W.A. will meet at Mrs. Toke Smith's on Tuesday, May 6. Servers are Mrs. H. Whidden and Mrs. G. Lovig.

Mr. Donald Dag is home after being a patient at Viking Hospital last week.

Mr. K. C. Carter visited in Edmonton over the weekend.

Mrs. H. Burns, Mrs. Bill Rawluk and Mrs. George Rawluk attended the Public School Festival in Sedgewick last Friday in which the children took part.

Sunday visitors at the C. Sonoff's included Mr. and Mrs. Tony Sonoff and family of Meeting Creek; Mrs. K. Sonoff, Miss Elvina Sonoff, Mr. and Mrs. Jim Sonoff and family, all of Edmonton.

Mrs. Francis Meekins is a patient in Viking Hospital.

Mr. and Mrs. Keith Firkus attended the graduation of Mrs. Firkus' sister, Colleen Archibald as an R.N. from the Misericordia Hospital in Edmonton Monday.

EASTERLY ECHOES

Mary Dootson and John Newton were guests of honor at a miscellaneous shower Saturday night at Roseberry Hall.

The hall was nicely decorated for the occasion.

The early part of the evening was spent playing "500" by the large number of friends present. After the guests of honor were shown to their seats by the master of ceremonies, Jack Savard, a song, "Johnny Newton has a farm," composed by Mrs. Savard was sung by a few of the ladies.

As the song was coming to a close, Master Greg Yeer arrived driving his tractor with a wagon loaded with many lovely gifts. After the gifts were opened and admired by all, Mary and John sincerely thanked those present for their kindness.

The Battle River Ladies served a lovely lunch bringing another enjoyable evening to a close.

Ken Steele of Edmonton has been busy combining on his farm.

The Battle River Ladies Club's next meeting will be held at the home of Mrs. E. Fenton on Thursday, May 8. Hostesses, Mrs. Fenton and Mrs. Dempsey; Draw, Mrs. Cook; Program, Mrs. Dootson; Roll Call, Bring a friend.

Card of Thanks

We would like to say thanks to those who so generously contributed to the "Heart Fund" for our wee daughter. Thanks to the Organizations and many thanks to the Irma W.I., your kindness will not be forgotten.

Sincerely,
—Norma and Fred Bacon.

About one working Canadian in four is employed in manufacturing, one in eight in farming.

Local News

Mr. Nelson Rutan is now bartering in the Irma billiard hall.

Mr. and Mrs. R. H. Astley and Gwyneth from Minburn were visitors last Sunday at the home of her parents, Mr. and Mrs. G. Theroux.

Mrs. Art Gwinn arrived home last Thursday after spending 3 weeks with her parents at Chilliwack, B.C.

Congratulations to Colleen Archibald who has finished her nursing training at the Misericordia hospital and was among the class of 26 members whose graduation ceremonies were held in the Jubilee Auditorium on Monday, April 28. Among those present were Mr. and Mrs. A. C. Archibald, Almon and Gary, Mrs. Eddie Jackson and Mr. J. Archibald Sr. all of Irma; Mr. and Mrs. Lorne McLeod of Wainwright, Mr. and Mrs. Keith Firkus of Jarrow and Miss Irene Archibald of Edmonton.

On Sunday, April 27th, Rev. Fr. McGrane of Lac La Biche honored the parishoners of the Catholic Church in Irma by saying Mass. Fr. McGrane is celebrating his 25th year since ordination in the Holy Priesthood. He made many friends here when he was resident priest at Irma.

Mrs. Frank Drewicki and Irene have returned home after spending a few days visiting with her sister in Edmonton and the remainder of the week at the home of her parents in Lemon. Mr. and Mrs. J. Dunbar accompanied Frank on the trip down there to bring his family home.

Born to Mr. and Mrs. Allred, the former Marion Long, at the Wainwright hospital on Tuesday, April 29th, a son, a brother for Shane.

Born to Mr. and Mrs. E. Nikkel at the Wainwright hospital last weekend, a son.

Mrs. L. E. Meier is home again after a short stay in Wainwright hospital.

Heartiest congratulations to our old friends, Mr. and Mrs. H. Prior who celebrated their 27th wedding anniversary on Wednesday of this week.

Mrs. V. Nesdoley and small son left by plane for North Bay, Ont., where Vic is now working.

Mr. Charles Coffin is a patient in Wainwright hospital.

Congratulations and best wishes to John Newton and Mary Dootson whose wedding date is May 1st and Billy Masson and Marjorie Coulman who are being married on May 3rd. We are looking for a wrap-up of each of these weddings for an early issue of the Times.

Mrs. Sanna Lovig is a patient in the Royal Alexandra hospital, Edmonton.

Last issue in the St. Theresa's plant sale notice the name of Mrs. E. Meyer should have been included and not the name of Mrs. E. Enger.

The Women's Missionary Society will be packing a parcel for overseas relief shortly. Good used clothing of all kinds are needed. Best clothes especially welcome. Please bring your contributions to the church parlor before May 15 which is the date for packing this parcel.

Mr. and Mrs. Delbert Galloway from Loughheed district, moved last weekend to their new home on the farm formerly owned by Mr. J. Jackson.

We are glad to know that Mrs. Creasy Sr. who has been ill for some time in an Edmonton hospital is making some improvement.

The next meeting of the Strawberry Plains W.I. will be held May 15 at the home of Mrs. C. R. Reed. Hostesses, Mrs. H. Long and Mrs. Reed; Roll Call, Pennies for friendship; Raffle, Mrs. E. Tomlinson.

Echo - Rodino

The Vandervastes spent a day in Camrose this week.

The W.A. had a nine-table Novelty Whist Tuesday evening. Larkton Holler was a patient in Viking hospital, but is home again.

Mr. and Mrs. A. Beckett were in Two Hills Wednesday.

Henry Beckett left Sunday for Brandon, Manitoba.

Mrs. V. Martin had as her house guests on Sunday, Miss Mary Fondelet, Irene and Leon of Edmonton.

Welcome home to Mrs. A. Crouse and baby daughter.

There are no snakes in the province of Newfoundland.
